Answer: Yes. The 2021/2022 fee will be \$1,000 per player.

4. Why is there such a HUGE increase in registration fees?

Answer: We were able to lease our previous facility WAY under market value. During our search for the new facility, we had certain criteria that was deemed the most important factors for our new facility. (This information was received from the organization wide survey that we sent emailed to our members). Using this criteria, this was the best building available to us. We were able to secure this building under market value....just not WAY under market value. Also, this facility will be a big step forward for the Nationals.
